Dr. Hans Apel To Teach Eco On Television

by A Staff Correspondent

For the third consecutive semester the University, in conjunction with the Calvin-Kazanjan Economics Foundation Inc., will offer a course over television station WICC-TV. In order to broaden the scope of the course, it will be re-broadcast over WICC's radio outlet.

"Economics for Everybody," a basic economics course, will be taught on Monday nights by Dr. Hans Apel, Chairman of the Department of Economics, with the radio broadcast coming over Tuesday nights. Dr. Apel is a veteran of educational television, having conducted economics courses on the airwaves for the past two semesters.

Air time will be 10 P. M. each week from Oct. 25 through Dec. 13 for both radio and TV, with students "attending" six or more classes to become eligible for course certificates.

No Credits Offered

No college credit will be given for the course, which is designed to reach a much larger group than the previous series, which did carry credits toward graduation. The current lectures are planned especially for employees in business and industrial establishments and their families.

Formal enrollment will make radio-TV students eligible for a 96-page booklet "The American Economic System" which will be used as the text for the course; a Family Budget Book, and a set of stamped addressed postcard forms to be used for questions which will be answered by Dr. Apel.

The fee for enrollment will be \$2 for individual registration, with a special group fee of \$15 offered to employers who purchase 10 or more "course packages."

PE Students Form Arnold Major Club

The Majors Club of the Arnold College Division of the University is making plans for its second year of organization. The Majors club is open for membership to all UB students enrolled in the Arnold College of Physical Education.

The first event planned by the club is a swimming program to take place at the North End Boys Club. This is designed to aid the Crippled Children's Society of Bridgeport and vicinity. The majors will meet with this group every Sunday afternoon, and at their meetings will discuss the progress being made. Another topic discussed by the majors is the planning of a fall barn dance.

At their last meeting election of officers was held. Footballer Roland Emery was elected president. He will be assisted by Robert Stevenson, vice-president; Marva DuFore, secretary; and Thomas DeNoto, vice-treasurer.

THUNDERETTES '53 — Only one member of the 1953 Thunderettes remains in this year's cast, that being Frank Jawoisz (extreme right) who plays the role of Fifi.

Council May Host Regional Confab Set For December

The student body of the University may play host to the New England Regional Conference of the National Student Association, Dec 4 & 5, it was learned from the Student Council. Along with various other institutions of learning, UB is bidding to hold this conference on the Seaside Park campus. The decision as to the whereabouts of this affair will be announced shortly by the Regional Committee.

With approximately 150 people representing colleges and universities throughout the Eastern area attending, Student Council and NSA representatives would conduct the two day conference. The student representatives

A statuesque, voluptuous blonde of ample figure and breath-taking beauty will play "Fifi", the leader of the "Thunderettes" in this year's edition of "Campus Thunder" at the Klein Memorial Auditorium on Nov. 19. The veteran Frank Jawoisz, a "Thunderette" last year, has landed the juicy role of the most sizzling female on the campus.

Just in case you're interested, his vital statistics, displayed in a low-cut evening gown are: 44-34-44. Proportionately, the large economy-sized Frank will be the biggest "Fifi" ever to kick high. He is an evening student and Chancellor of Alpha Delta Omega Fraternity.

The female leads for "Thunder '55" have been announced as: Pauline Scinto (of "Thunder '54") and Lenore Bifield, a prom-

UN Day Leaders Meet On Campus To Discuss Plans

Committee chairmen for United Nations Day, to be held Oct. 24, from throughout the state met on the University campus Saturday to discuss plans for UN Day activities in each community and to exchange ideas and suggestions. This is the only day celebrated throughout the world by all peoples.

State Chairman, James H. Halsey, President of the University, presided over the meeting. A luncheon for the visitors took place at Marina Hall.

UN Day marks the anniversary of the coming into force of the United Nations Charter and is dedicated to making known the aims and accomplishments of

Alumni Returning, But From Where?

From time to time upper classmen at UB ask about their classmates who graduated or left school in the past few years. Every so often we'll try to bring you up to date on these UBites, wherever they might be.

Alvin Clinkscales, star of UB's basketball team last year, is in Chicago for a tryout with the Harlem Globetrotters. Timmy Ryan, Bobby Lee, Gus Seaman, Ray Hirth, all in the army. Lou Saccone, former UB football, basketball, baseball, track, tennis

and golf star is managing the Arctic Sport Shop for Perry Piontelli.

Frank Castellucci is covering UB football games for Bridgeport Herald. Gary Singer, former SCRIBE editor, is Sports Editor of Westporter Herald. Ray Czaplicky working for credit firm as an accountant. Andy Demotzes is working for Milton Friedberg on the UB books. Former editorial board members of the SCRIBE Ron Gold and Charlie Smith in the army, Ron on the West Coast

and Charlie at Fort Dix with Phil Carrubba and Bob Unger.

Ed Anderson working on cost analysis at West Haven Vets Hospital. Julie Vince working in Hartford as economist for insurance company. Ralph Consiglio holding a government position at Fort Dix, John Kenney is a cook at Fort Sill, Oklahoma.

Ann Southrad married to UBER Leigh Danenberg, and dental hygienist for Fairfield School system.

Alumni Return This Afternoon To '54 Fetes

by Howie Broder

A banner crowd of alumni and students are anticipated at the annual homecoming weekend, with a host of events scheduled to commence this afternoon.

For the past week fraternities and dormitories have been busy constructing floats and projects depicting the theme of the weekend, the football contest with New Haven State Teachers College. The dormitories will compete among themselves as will the fraternities to see who has turned out the best and most original theme.

Trophies To Be Awarded

Trophies will be presented to the winning fraternity and dormitory at the Foot-Ball at Glorieta Manor this evening. This dance is sponsored annually by the brothers of Theta Sigma fraternity.

Saturday's festivities will begin with the Brandeis soccer game at the Seaside soccer field. The contest is slated to start at 2 P. M.

Preceding the New Haven State Teachers College football game at Candlelite Stadium at 8 P. M. will be a motorcade and parade through the center of Bridgeport, with the University Band. Half-time activities are being planned by SLX fraternity, who promise that the show will be a spectacular one.

A new attraction has been added to the weekend this year with an after-game dance at Alumni Hall, being sponsored by APO. All facilities of Alumni Hall will be at the disposal of guests. Everyone is invited to attend.

Hillel Brunch

Activities will get underway Sunday morning with a Hillel Brunch at Alumni Hall. At 2 P. M. festivities will resume with a

Deem Open House As Fair Success

"The Open House of the past Sunday was a relative success, especially taking into consideration the fact that this is only the second year that the school has had such a program." This is the statement issued by the Public Relations Office, concerning last Sunday's Open House program sponsored by the University.

About 1500 people visited the University, and were shown about the campus by faculty and student guides. Marina Hall was open to the public as a sample men's residence hall and Wistaria Hall was its counterpart, as the only women's home open for public inspection.

Visitors were shown the Engineering Technology Building, the Little Theater, Music Hall, Fones Hall, Alumni Hall and the site of the new Carlson Library. Plans are in the offing to make the Open House an annual feature with an expanded program to be indoctrinated in years to come.

By Bill Wright with Lou Csigay

Hi-lighting the Homecoming Weekend at UB, will be the Theta Sigma Foot-Ball tomorrow nite at Glorieta Manor. A program will be provided for your entertainment with Gaynor Lennon as M.C.

Gloria Hirschberg, grad of last year, has gotten "the ring" from her fiancé Ed Katz.

Straw hats and canes are the order of the week for Sigma Lambda Chi pledges and Freshmen are still having a tough time trying to figure them out. Pledgemasters for this semester are Bert Siegel and Dave Bar-Cohen.

Bill Firisin has been spending weekends tripping up to Springfield, Mass. to see his newly pinned but ailing sweetheart, Lois Calabrese.

Kappa Beta Rho planning a Post-Football Game Party for Saturday nite. And what more can you say about a KBR party!

John Mate, former SOS president, is leaving for Fort Dix on Monday to do his hitch for Uncle Sam.

Student Spirit Committee is sending out letters to the student body concerning UB school spirit. Some of the questions asked are: "What do you think of school spirit at present?" and "How can it be improved?"

Could it be no national fraternities on campus, no commuters' clubs, no local fraternity houses, or a few other reasons?

Marilyn Ridings and Dick Johnson have linked hearts with his ring. It happened right on the Alumni steps. Such a romantic setting. Both are Freshmen, so we'll consider them "ringed", not "pinned".

Ed Cebry and Pat Kizel made their first stop on the romance trail with their pinning.

Old Alpha Delta Omega grads from twelve states are expected at the Homecoming Party after the game, at the "Chateau".

"Girls of Schiott Hall, 1954" are making plans for a hot reunion "long about Christmas time. Officers elected to do the job were President, Elise Wolff; Secretaries, Marilyn Schneider and Joan Misley; and Treasurer, Betty Krantzberg. You'd better watch the books girls.

Also planning a shindig after the game Saturday nite is Delta Epsilon Beta, at "The Ranch".

Linden Hall claims another "ring-bearer" in Kitty Basch,

QUESTION: How Do You Think A Varsity Club Would Help This School?

ROLAND EMERY, Senior - Physical Education —

It will be the largest organization in school which could prove to be disadvantageous. If a large enough group of people are thoroughly interested, it will prove successful.

MIKE FASTOSO, Junior - Accounting —

I feel it would be very beneficial to the teams. It would boost morale and give a greater incentive for all members of athletics teams. We sure could use one right now!

CYMA ALTMAN, Sophomore - Fashion Merchandising —

It would create a stronger feeling among the boys themselves, which would make for a stronger bond of friendship and give them a chance to discuss their mutual problems and make for a better showing on the field.

SHEILA HAFFNER, Junior - Science —

It would add prestige to the Athletic Association and give honor to the boys who worked so very hard to earn their letters.

BARBARA STEFANEK, Junior - Physical Education —

I feel that this Varsity Letterman's Club would create a stronger feeling among the athletes and student body. It would make the boys on the teams feel that they are being recognized more for their participation in sports.

Let me tell you. I'm not giving up IG without a fight.

Yes They Are Here

There is an old saying that most people SEE — but do not OBSERVE. We have mixed and mingled with day and evening students during day and evening classes for the past two years and have failed to notice any great difference between them.

In the past two or three years we have seen many old, tired WW-II vets graduate (finally), only to be replaced by eager young men. These eager young men have not acted like their predecessors, according to grateful faculty members. They are not bright-eyed and bushy-tailed, but they don't act like the battered, grizzled old-line campaigners of yore struggling for a degree in five years-plus. (With no time off for good behavior).

We have noticed, sorrowfully, the disappearance of "sea stories" and "combat tales" on our campus after dark. It has been quite some time since we have seen baby pics shown by proud papas and heard the old story about how "Me and Ike" won the lovin' war. No more GI students?

Now we know where they are. We have OBSERVED them. They are in disguise. . . . as ordinary, eager, young hell-raising students fresh out of high school. Actually they are combat veterans. . . . of Inchon, Taegu, Seoul and Chosen. They are also proud papas. In addition, they work from six to eight hours a day — banking for the future.

They are the scholastic and social leaders of many groups on campus and, if all of them attended full-time, they probably could make up the greater part of the Dean's List at any school. But we would like to offer these Korean vets a bouquet of orchids for their most significant achievement — for trying hard to turn back the clock at UB!!

Dear Editor

The success of the "Open House" at the University last Sunday was due in large part to cooperation from students in showing visitors through the various buildings open for inspection and answering questions about the school.

Cooperation in events such as these helps to create a better understanding of the University of Bridgeport in the surrounding communities.

Members of the Board of Associates, the University officials and faculty members wish to express their appreciation for this assistance. The Public Relations Office also extends a "Thank You."

Sincerely yours,
Vic Muniec,
Director of Public Relations

Dear Editor:

I have been led to believe that the second floor of Alumni Hall is set aside for the purpose of spending one's free moments in study, television-viewing, or just plain relaxing!

It seems, however, that this lounge has been invaded and completely captured by the enthusiasts of pinochle. While I do not object to the time-honored game of pinochle, I do object to the clamor and the often obscene comments that accompany this activity.

As a result, the lounge is no longer a place where we can spend a few moments in study or friendly conversation. The spectacle provided by the card players also leaves a bad impression on any who may happen to visit the University.

Hot Dog Roast

An unusual hot dog roast will be held outside of Alumni on the lawn. What makes this roast unusual is the fact that we have been able to obtain two accomplished chefs, Al Sherman and Stu Cristiano.

The outstanding feature of this weekend is the fact that every social organization on the campus has contributed to help make this weekend an outstanding one.

By LARRY BABICH

Rumor up New Haven way has it that UB is easy prey for the Elm City squad. This report was told to the team and it lit a fire so high that the boys can't wait for their annual rivalry game against the Educators.

This game is as big a rivalry as an Army-Navy game, for five players on this year's team hail from the New Haven area. The DiDominico twins hail from Hamden as does Dick Fresolone. Don Ardito is from West Haven and Frank Alois comes from the heart of New Haven. So if this isn't a big game you tell me what is.

With their three losses to New Hampshire, Upsala and Hofstra behind the Kaymen, the task of gaining a good season record is not impossible. An impressive win over the Teachers could be the stepping off stone toward a successful year. After New Haven the team has five games remaining with three of them at home.

This is the seventh meeting of the two schools, which dates back to 1948, with UB leading 4 victories to 2. Three of the four victories during the series nullified New Haven winning streaks. In 1948 the Knights upset the Teachers 14-0, again in 1949, 19-7, and in 1952, 25-14, in all three years the Purple and White wins were the only blemishes on the Educators' schedule. In 1951, the Teachers gained slight revenge by trouncing the Knights 41-0.

There isn't usually too much gambling on UB football games and most of the time the "books" won't even touch them, but a safe bet for this Saturday's encounter with New Haven is that there will be more High schoolers and "free-loaders" at the game than students at this school.

It's a sorry thing to say but in order to get someone. . . anyone at UB games, we have to give out free passes. Not that the local high school football players shouldn't be admitted through the press gate, by all means they should. Maybe a few of them might matriculate at this University, but should there be more of them than us?

On top of the giving out of these ducats, one of the major oil companies in town has bought a block of 500 seats and is requesting more for Saturday's game. Why?

So that they can give them out to anyone who purchases a certain amount of gasoline at their service stations. That's real nice of them and we hope that we have a record attendance at the game because of it, but. . .

SPA Moves Into Leads In Football, Volleyball Loops

Sigma Phi Alpha moved into an undisputed lead in volleyball and a four way tie in football, as the 1954 Intramural leagues ended their first week of play.

The "Resorters" swamped Sigma Omicron Sigma in straight sets and squeaked past a strong Sigma Lambda Chi outfit 10-15; 15-6; 16-14 to gain their volleyball lead and whitewashed SLX 39-0 in football.

Trumbull Hall pulled the upset of the year by knocking off the Parks 6-0. A 45-yard pass from Bill Barston to Charlie Methe resulted in the only score of the game and knocked the favored Parks into the cellar. Waldemere Hall rounded out the leaders by winning a forfeit from Marina Hall.

In other grid clashes Alpha Phi Omega and the Engineers played to a hard fought 6-6 tie with APO tying the game with only seconds remaining on a Dick Chantland to Charlie Stiskal pass play after the Engineers had

taken a 6-0 lead midway through the third quarter.

APO and Pi Omega Chi moved into a second place tie in the volleyball loop with one victory each, APO defeating the Engineers 15-7; 13-15; 15-13; and POC squeaking past Theta Sigma 15-10; 12-15; 15-8.

The standings:

Gridders Meet New Haven State Teachers In Homecoming Contest Tomorrow Night

by Larry Babich

Coach Walt Kondratovich's Purple Knights will oppose the Owls of New Haven at Candlelite Stadium, Saturday night as the main feature of Homecoming Weekend. The Knights will be seeking their first win of the season while the neighboring Teachers will be out to gain their second triumph of the year.

After losing their season's opener to Shippensburg State College 26-19, Coach Jessie Dow's Educators rallied to romp Norwich University 32-14. The Teachers who feature a passing attack led by quarterback Tony Martone, hurled 34 passes of which 18 were complete in their downing of Norwich. The signal caller will have Pasquale Amendola and Joe Friello at the halfbacks with powerful Lou Hardvall at fullback.

UB Rallying Forces

UB will be rallying their forces for the game against Coach Dow's club. The Purple Knights lost their third straight game last Friday to a powerful Hofstra College squad 45-14. The Knights led at the end of the first quarter 7-0 on a 9-yard end run by Roland Emery with Hal Trischman adding the extra point. The Purple and White scored again in the fourth quarter when Emery hit Johnny Esposito with a 7-yard pass in the end zone, Trischman again adding the extra point.

Don Ardito, who did not play against Hofstra because of a sprained ankle, will return to quarterback to fire his passes at ends Dick Cipriani and Hans Schneider with Ray Glatkowski, Don Kirschbaum, and Bob Mendes also on the receiving line. Dick Fresolone will be at left half and Johnny Esposito at right half. Esposito, who scored the second UB touchdown made it his first collegiate score. Emery will be returning to his fullback post from quarterback.

Hal Trischman, George Stroparo, DiDominico Twins and Dave Deed will round out the Bridgeport line. It is feared that Deep and Trischman will miss Saturday's clash.

Quarterback Don Ardito returns to action after missing last Saturday's game because of an ankle injury.

Hans Schneider, UB's starting end, who has caught 5 passes good for 83 yards.

Booters Win, Lose; In Opening Tests

by Dick Johnson

After taking their opener from Rider College 2-1, the Purple and White soccer team fell before a powerful Albany State Teachers College outfit 2-0 last Saturday at Seaside Park.

Jim Davins, Mike Belmont and Gordie Cochrane started the Knights off on the right foot for this season in the inaugural as Belmont and Cochrane scored fourth quarter goals and Davins was voted Most Valuable Player in the game by the officials and coaches.

The Albany squad, rated in many corners as one of the top teams in the East, took advantage of two breaks to shutout John McKeon's forces.

A penalty kick early in the second quarter which came out of a mixup in front of the UB nets when a UBooter touched the ball resulted in a goal scored by Bill Lindberg, and a windblown goal late in the third stanza iced the game for the New Yorkers.

Brandeis University will invade Seaside Saturday afternoon to provide the afternoon highlight of Homecoming Weekend.
